**Re: Notification of Resumption of Full Power Operations
W288BP, Wilson, North Carolina (FIN: 156025)**

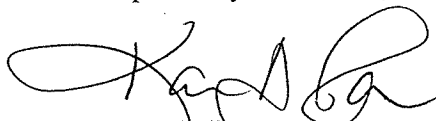

Dear Ms. Dortch:

On behalf of Educational Media Foundation ("EMF"), the licensee of FM translator station W288BP, Wilson, North Carolina, this letter is to notify the Commission that W288BP resumed full power operations on December 6, 2009, and inadvertently the Commission wasn't notified sooner.

On November 2, 2009, the FCC granted EMF an STA (BLSTA-20090820ADV) to allow W288BP to remain silent after the translator was forced off the air due to antenna and coaxial cable damage caused by a lightning strike. Since that time, EMF replaced the antenna and coax and W288BP resumed full power operation according to the parameters authorized in its license on December 6, 2009. Due to an oversight, the Commission was not notified sooner. Please update your records accordingly.

Should you have any questions regarding this matter, please contact the undersigned.

Respectfully submitted,

Karen A. Ross
